OBJECTIVE

Enthusiastic Mechanical Engineering student with a passion for software development, seeking a software engineer position. Proficient in Python, SQL, and web technologies, with a keen interest in applying technology to solve real-world problems. Eager to contribute to mission-driven projects and leverage skills in HTML, CSS, JS and supply chain management to drive innovation and productivity. Committed team player with a drive for continuous learning.

Key Skills

- | | |
|----------|------------------|
| • Python | • JavaScript(JS) |
| • SQL | • SDLC |
| • HTML | • MS Office |
| • CSS | • G Suite |

Projects

Car Rental Management System (Python SQL)

- Developed and implemented an efficient Car Rental Management System utilizing Python and SQL, enabling seamless handling of car data and enhancing customer experience through tailored car searches.
- Demonstrated proficiency in backend development by integrating user authentication, allowing customers to securely log in and access available car listings based on their preferences.
- Applied strong problem-solving skills to streamline the rental process, facilitating easy navigation for users and optimizing resource allocation for the organization.

Design & Fabrication Of Drill Jig to Drill Inclined Holes (Catia v5, Ansys)

- Developed a custom-designed drill jig utilizing Catia v5 and Ansys, enhancing precision and efficiency in inclined hole drilling processes.
- Spearheaded the fabrication process, ensuring seamless integration with existing machinery to streamline production and maintain part accuracy.
- Demonstrated strong problem-solving skills by improving the location accuracy of parts, contributing to increased overall efficiency and cost-effectiveness.

Certifications

Python Data Science Ongoing (Will be completed by July 2024):

Introduction to Programming using Python , SQL ,PLSQL , Numpy , HTML, CSS, JavaScript(JS)

TCS ion Supply Chain Management :

Introduction to Supply Chain Management

SQL Basic HackerRank :

Basic SQL Queries Test On HackerRank

Giri Tech Hub Pvt LTD :

Introduction Of Programming C & C++

Education

- **Nagesh Karajagi Orchid College Of Engineering & Technology, Solapur.** BTech (MECH) — 8.5 CGPA — 2023
- **Vidya Vikas Pratishthan Polytechnic, Solapur** Diploma (Mech) 79.12% — 2020
- **Modern High School, Solapur** SSC — 48.36% — 2015

Personal Information

- **Name:** Saiakhil Shrinivas Kattul
- **DOB:** 30/04/2000
- **Hobbies:** Travelling , Cricket
- **Location :** Solapur
